

### 3. Injection

Administer medication in accordance with established protocol. For user convenience, the needle "bevel-up" position is oriented to the safety cover.

### 4. Activation

After injection, immediately activate safety cover as follows:

- Using the same hand holding the syringe, center thumb or forefinger on the finger pad area of the safety cover.
- Push the cover forward toward the needle until you hear and/or feel it lock. Visually confirm that the needle tip is covered.

*Discard after single use in an approved sharps container.*

### Don't Forget...

Aseptic technique and proper skin preparation of the site are essential. Follow your institution's policy for safe disposal of all medical waste.

## BD Eclipse™ Needle

# How to Use the BD Eclipse™ Needle for Luer Lock Syringes

### 1. Attachment

- 1a. Firmly attach needle onto a Luer Lock syringe with a push and clockwise twist.
- 1b. Pull back on the safety cover toward the syringe and away from the needle.
- 1c. Grasp the syringe with one hand and with the other hand pull the clear needle shield straight off.

### 2. Aspiration

Draw up medication as per your usual technique.

**NOTE:** If changing needles, activate safety cover prior to removing the needle from the syringe.

The BD Eclipse™ Needle offers clinicians a wide range of features and benefits for luer lock applications.

Prior To Activation

After Activation

## Designed With Important Safety Features And Backed By BD's Reputation For Quality

### BD PrecisionGlide™ Needle Technology

- Designed for patient comfort
- Leading brand of hypodermic needle technology in the U.S.

### Safe, One-Handed Activation

- Single finger stroke activation: no hard surface required
- Textured finger pad keeps fingers behind the needle
- Requires minimal change in injection technique

### Designed To Protect Healthcare Workers From Accidental Needlestick Injuries

- Safety cover is present between clinician and needle
- Audible click indicates safety activation
- Needle remains locked inside activated cover
- The BD Eclipse™ Family offers one safety technology for both your injection and blood collection needs
