MEDIFIRST®

- ✚ Infusion Set

With fine cannula & Needles

Smooth Surface

- We add silicon lubricant on electro-polished surface for smooth gliding and less friction.

3-Beveled Edges

- The three distinct bevels make skin separated in three different directions for less friction.

Electro-polishing

- Electro-polishing removes small blemish and rough spots from needle body and tip for a smooth finish.

Good personal, Good product, Good service to all

Greeting from CEO

"Feel Tech has been in business since 2004 to produce disposable medical devices under the motto - Good personal, Good product, Good service to all". The company is establishing and expanding business range for world health care market. We focus and concentrate on the growing diabetic market, manufacturing insulin syringes and pen needles as well as bulk needles for related distributors of medical products in worldwide. Feel Tech promise to bring the highest quality and most innovative products at cost-effective and competitive prices for the global health care and diabetic market.
