Encore® Orthopaedic

Natural Rubber Latex Powder Free Sterile Surgical Gloves

A thicker glove for greater puncture resistance when working with tools and bone fragments

Encore® Orthopaedic gloves provide the added strength and thickness for tear and puncture resistance that is vital to withstanding the rigors of high-risk trauma, and reconstructive procedures, especially where power tools and bone fragments are present.

Special Features

- Textured for reliable grip
- Inverted, beaded cuffs provide improved gown adherence
- Continuous polymer coating for excellent damp-hand donnability
- Powder free to help eliminate powder related post-operative complications and sensitivity
- Brown colour reduces eye fatigue that may result from the reflected glare of surgical lights

Quality standards

- Conforms to ASTM D3577, EN 455-1 and EN 455-2, EN 455-3 and ISO 10282
- Manufactured in accordance with ISO 9001:2008 and ISO 13485:2003
- Advanced manufacturing processes reduce water-soluble proteins to less than 6 micro g/g

Technical Information

Material	Natural Rubber Latex								
Colour	Brown								
Dimensions (typical average values)	Size	6	6.5	7	7.5	8	8.5	9	
	Length (mm)	300	305	307	304	306	310	307	
	Palm width (mm)	80	84	91	96	101	107	114	
Thickness (typical average values)	Finger (mm)	0.34	Palm (mm)		0.30	Cuff (mm)		0.25	
	Physical properties (typical average values)	Before Aging				After aging			
	Tensile Strength (Mpa)	31				24			
	Ultimate elongation %	945				905			
	Stress at 300% Elongation	1.5				N/A			

Ordering Information

Size	6	6.5	7	7.5	8	8.5	9
Code	4361	4362	4363	4364	4365	4366	4367
Packaging	50 pairs per box / 4 boxes per carton
